

Ealing Fields
Residents' Association

23 September 2025

Dear Mr Price

**Inclusion of East Lodge, Lammas Park in
Ealing Green Conservation Area**

I am writing on behalf of the Ealing Fields Residents' Association (EFRA) to support the inclusion of the East Lodge, Lammas Park and the Lammas Enclosure in the proposed extension of Ealing Green Conservation Area. EFRA is a well-established residents' association with 400 members representing around 2,000 households centred on Northfields Station in Northfield Avenue.

We strongly support the inclusion of East Lodge in the existing CA because of its historical and architectural importance, having been designed by borough architect Charles Jones who also designed the entrance gates to Lammas Park (and many other heritage buildings in the Borough). We believe that the inclusion of both the East Lodge and Lammas Enclosure would complement the Ealing Green CA.

Yours Sincerely

Roger Jarman, Chair, EFRA (0777 6187 044)

To Mark Price, Conservation Officer, London Borough of Ealing
